

## Agalia Hotel receives TripAdvisor award for second year running

**The Certificate of Excellence 2017 is based on the scores and opinions registered by visitors about the services and experiences offered by this four-star establishment, located in Murcia**

**22<sup>nd</sup> June 2017.-** Agalia Hotel has been awarded the Certificate of Excellence 2017 by TripAdvisor for the second year running. This certificate is based on the scores and opinions registered by visitors and users in the last year about the quality of services and experiences of this four-star establishment, located in Murcia.

The winners of this distinction are accommodation, restaurants and attractions all over the world which continuously offer their customers high quality experiences.

User's comments coincide in praising the treatment by staff, the level of cuisine, and the quality and modernity of Agalia Hotel's facilities.

This seal of approval takes into account the evaluation, quantity and how recent the opinions are, sent by travellers to TripAdvisor in a period of 12 months. For that reason, Agalia Hotel has managed to keep up a general minimum score of more than four out of five points and exceed a determined number of opinions.

Agalia is an elegant, functional and modern four-star hotel which is located very close to the Sports Palace, the Auditorium and the Congress Centre in the city of Murcia. It has 124 rooms, two suites and five rooms able to hold up to 400 people aimed at celebrations and corporate or family events.

Grupo Fuertes has its Vis hotels for its hospitality division, made up of four establishments: Agalia Hotel and Azarbe in Murcia; Hotel Albahía in Alicante, located in la Albufereta beach and the tourist apartment complex Pueblo Acantilado Suites, found in the Alicante municipality of El Campello.
